WHAT WE DO

• Case Management

Evaluates your medical needs, to develop a Plan of Care with your physician, as an extension of his care to you in your home.

• Skilled Nursing

A Licensed Nurse delivering care as in Educating patients, Delivering Wound Care, Monitoring Vitals and New Medications are some of the services delivered.

• Therapies

PT, OT, ST, Evaluating and Treating for safety, increasing overall strength and balance to insure the patient can be free of falls and is safely ambulating, standing or sitting, swallow and cognitive function.

• Home Health Aide

Certified Nursing Assistants that come in to your home and help you with your bath and personal care as well as helping to keep your personal area tidy.

• Medical Social Worker

Will deliver information on all special services from the community that might benefit you in your home. Community services that may help you to be independent at home.

• DME

We are able to arrange special equipment you may need as in Hospital Beds, Oxygen, through a private Medicare certified supplier, if you need us to do this for you.

• Personal Home Care Services

DEAR PATIENT
